

Position Description

Position title:	Fundraising Administrator
Team:	Fundraising & Partnerships
Reports to:	Supporter Development Manager
Job type:	Full time, ongoing
Date:	September 2020

About the Alannah & Madeline Foundation

The Alannah & Madeline Foundation was set up in memory of Alannah and Madeline Mikac, aged six and three, who were tragically killed with their mother and 32 others at Port Arthur, Tasmania, on 28 April 1996. In memory of his daughters, Walter Mikac and a small group of volunteers set up the Foundation with the belief that all children should have a safe and happy childhood without being subjected to violence. The then Prime Minister launched the Foundation on 30 April 1997.

The Foundation:

- identifies issues that adversely affect the wellbeing of children; we work to help them recover and protect them from bullying and violence
- works across the spectrum of prevention and care to deliver state-of-the-art, evidence-based programs and products
- works with the best minds to identify and reduce significant threats to children's safety through innovation and partnerships
- speaks out on the need for systemic change to build a supportive and safe society.

We are committed to Child Safety and our Child Safe Policy outlines our safe practices for children. The Foundations values are caring, friendliness, respect, responsibility, valuing difference and including others.

Position in Context

Reporting to the Supporter Development Manager, the Fundraising Administrator is a member of the Fundraising & Partnerships team and has accountability to support the delivery of the Fundraising strategy across the Foundation, including the delivery of fundraising programs in relation to all aspects of supporter development.

This role is responsible for delivering critical aspects of donor management (using Raiser's Edge). This includes supporter data maintenance, data imports and exports, donation processing and reconciliation to ensure standards are maintained and ongoing income streams for the Foundation are secure.
